APPOINTMENT OF DIRECTOR

The Company would like to advise the appointment of Mr Gary Lyons, to the Board of Tungsten Mining NL, as a non-executive director.

Mr Lyons is a successful and well respected Perth based businessman and is a shareholder and Managing Director of the Heiniger Groups Australasian operations - a position he has occupied for the last 25 years.

Mr Lyons occupies a number of public office roles, he is currently Chairman of Golden West Resources Limited an Australian based iron ore explorer and Chairman of West Peak Iron Limited an ASX listed entity boasting iron ore assets in Western Australia and Liberia.

Mr Lyons will be paid from the non-executive director pool of remuneration previously approved by shareholders.

About Tungsten Mining

Tungsten Mining NL was admitted to ASX on 13 December, 2012. The Company is focused on development and exploitation of tungsten deposits. The management of the company has previous experience in tungsten mine development and operations. Due to the Chinese position on export restrictions, and to the strong global demand for tungsten, particularly in the developing countries, the fundamentals of the tungsten market remain strong, and Tungsten Mining, with its experienced management and high quality assets in good mining jurisdictions, believes it is very well positioned to become a significant supplier of tungsten in a short time frame.
